The puppy must be taken to a veterinarian, who may be of purchaser's choice, within 2 business days of delivery, or this contract becomes null and void. This is for the protection of all parties involved.

If the puppy is found to be in unacceptable health by a licensed veterinarian, the Purchaser shall elect to keep the puppy or return the puppy to the Breeder. If the Purchaser elects to return the puppy, a written statement of diagnosis, including a detailed description of all symptoms supporting that diagnosis, results of any tests performed, and the reason why he/she feels the dog is not in good health, must be presented at the time the puppy is returned. The puppy must be returned to the Breeder along with the registration paperwork within 72 hours of the purchase date. No replacement puppy will be given if the puppy has been injured or neglected. I reserve the right to have my veterinarian review your veterinarian's findings before any puppy is replaced. The puppy will not be replaced if it should die from conditions resulting from abuse, neglect, or accident.

All items covered under this guarantee are by replacement only. We do not give refunds. The replacement puppy will be of the same value and gender of the puppy being replaced.

The puppy is guaranteed until 12 months of age against fatal and life altering congenital diseases and must be diagnosed by two unassociated veterinarians if such occurrence should happen within this time frame. reports must state the same problem. The Breeders veterinarian will interpret the reports and if he concurs, a replacement puppy will be given. The replacement puppy will be of the same value and gender of the puppy that's being replaced. If the puppy should die within this twelve-month time frame, the Purchaser will pay to have it autopsied to ascertain cause of death. If the cause is congenital, the Breeder will replace the puppy.

The Breeder does not give any guarantee as to the mature weight, coat, and color or show quality of any puppy being sold.

Any returned puppy must be returned to the Breeder in good condition, other than the specified problem, at the Purchaser's expense. Once the said puppy is returned to the breeder along with his/hers registration papers, not until this time will the Purchaser will qualify for a replacement puppy.
